Sugar Equipment

- Modern Technology
- Energy Efficiency
- Proven Performance
- Global Supply
- Design Flexibility
Since its inception in 1961, Bosch Projects has developed a long and successful history of innovation in the fields of equipment, design, project management and engineering.

Bosch Projects has a global client base that stretches from Africa to the Americas and the Pacific Rim. This large client base has translated into successfully completed projects in over 35 countries around the world.

Projects undertaken range from feasibility and consulting studies to large construction and upgrade projects, including equipment supply and commissioning.

 ARISING FROM INDUSTRY REQUIREMENTS, BOSCH PROJECTS HAS DEVELOPED A RANGE OF MODERN, EFFICIENT SUGAR EQUIPMENT.

The knowledge gained through many years of operational and design experience ensures that our sugar equipment is the “best-of-breed”. Bosch Projects equipment has been installed and is operating successfully in Asia, Africa, North and South America.

**Equipment**
- Cane unloaders
- Feeder tables
- Heavy duty cane shredders
- Whole-stick cane shredders
- The patented Bosch Projects Chainless Diffuser
- Cost-efficient Rotary juice screens
- Lamella clarifiers for juice and syrup
- Direct contact juice heaters
- Shell and tube type juice heaters
- Long tube evaporators
- Modular evaporators
- Continuous vacuum pans (A, B & C)
- Entrainment separators
- Vertical crystallisers
- Vertical C-massecuite reheaters
- Ash water clarifiers
- Rock and sand removal systems
- Trayless juice clarifiers
- Sugar dryers
- Refined sugar conditioning silos
- Batch pans
- Bagasse reclaim systems
